## Study Guide: Essential Geographical Investigation Skills for O/N(A)

### Core Geography • Elective Geography

Present opportunities for students to investigate geographical phenomena in authentic real-life contexts to generate a meaningful geographical inquiry process.

- Build skills on geographical investigation with a variety of practices to build on existing knowledge.
- Cultivate in-depth thinking on geographical issues and encourage reflective thinking to consolidate what has been learned from the investigation, identify the limitations of the studies and suggest ways to improve them.
- Ensure thorough coverage of the latest Geography Syllabus with content focused on the 2 main topics: Coasts and Global Tourism (Core) and Weather & Climate and Global Tourism (Elective).

**Physical Geography (Elective)**  
9789814801850 • \$11.50

**Physical Geography (Core)**  
9789814801867 • \$13.90

**Human Geography (Elective)**  
9789814801836 • \$11.50

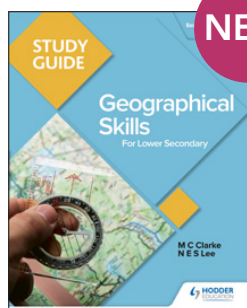

**Human Geography (Core)**  
9789814801843 • \$13.90

## Study Guides: O/N(A) Level Physical and Human Geography (Elective) and (Core)

### Physical Geography • Human Geography

Focus revision and strengthen exam technique with guidance on key learning outcomes, sample exam-style questions with suggested answers and examination tips based on the latest GCE 'O' Level Core and Elective Geography syllabuses.

- Ensure students are ready for the exams with important terms by topic and quick overviews of the main chapter points.
- Monitor revision progress with self-assessment checklists and clearly-defined learning outcomes.
- Sharpen skills with writing scaffolds that use the PEEL structure to help frame your paragraphs for LORMS essays.
- Improve confidence with concise content in manageable chunks for targeted studying, examination tips, explanations of command words used in the examination questions, and model LORMS with explanatory notes.
